- **Horário:** Laboral das 09h00 - 17h00
- **Nível:** Avançado
- **Duração:** 21h

Sobre o curso

O curso **ISO/IEC 27001 Foundation** tem como tema principal a norma **ISO 27001** – Segurança da Informação.

A Segurança da Informação está relacionada com a protecção de todos os activos de informação e infra-estruturas de suporte (Tecnológico, humanos e financeiros), no sentido de preservar e rentabilizar o valor que possuem para a organização.

This course enables participants to learn about the best practices for implementing and managing an information Security Management System (ISMS) as specified in ISO/IEC 27001:2013, as well as the best practices for implementing the information security controls of the eleven domains of the ISO/IEC 27002. This training also helps to understand how ISO/IEC 27001 and ISO/IEC 27002 relate with ISO/IEC 27003 (Guidelines for the implementation of an ISMS), ISO/IEC 27004 (Measurement of information security) and ISO/IEC 27005 (Risk Management in Information Security).

Exame

O curso inclui o respetivo exame de certificação. Atendendo ao contexto de pandemia COVID-19, o prazo para realização do seu exame foi alargado para 6 meses, após a data de término do curso.

Contacte-nos, caso tenha alguma específica sobre os exames.

Objetivos

- Understand the implementation of an Information Security Management System in accordance with ISO/IEC 27001
- Understand the relationship between an Information Security Management System, including risk management, controls and compliance with the requirements of different stakeholders of the organization
