- **Data:** 15 Feb 2024
- **Preço:** 540 € ( Os valores apresentados não incluem IVA. Oferta de IVA a particulares e estudantes. )
- **Horário:** Laboral das 09h00 - 17h00
- **Nível:** Entrada
- **Duração:** 7h

## Sobre o curso

This course will provide foundational level knowledge on cloud concepts; core Azure services; and Azure management and governance features and tools.

## Destinatários

This course is suitable for IT personnel who are just beginning to work with Azure. This audience wants to learn about our offerings and get hands-on experience with the product. This course primarily uses the Azure portal and command line interface to create resources and does not require scripting skills. Students in this course will gain confidence to take other role-based courses and certifications, such as Azure Administrator. This course combines lecture, demonstrations, and hands-on labs. This course will also help prepare someone for the AZ-900 exam.

## Objetivos

- Prepare for Exam AZ-900: Microsoft Azure Fundamentals
- Explore Microsoft Azure, its architecture, and some of the most commonly used services and resources
- Explore the management and governance resources available to help you manage your cloud and on-premises resources

## Condições

.

## Pré-requisitos

There are no prerequisites for taking this course. Familiarity with cloud computing is helpful, but isn't necessary.
